

ID-Migraine™ Screener^{1,2}

The 3-item ID Migraine™ Screener is a validated and reliable tool that may help rapidly diagnose migraine in the primary care setting.¹

If the patient responds affirmatively to 2 or all 3 items, a migraine diagnosis is likely.^a

Instructions for patients: Please answer all 3 questions below, as “yes” or “no,” by placing a tick in the relevant box

	Yes	No
1. Has a headache limited your activities for a day or more in the last 3 months?	<input type="radio"/>	<input type="radio"/>
2. Are you nauseated or sick to your stomach when you have a headache?	<input type="radio"/>	<input type="radio"/>
3. Does light bother you when you have a headache?	<input type="radio"/>	<input type="radio"/>

^aTesting positive for 2 of the 3 items yields a sensitivity of 0.81 (95% confidence interval 0.77 – 0.85)
